# GENERAL FUND BUDGET BUDGET PROCESS

The collection of data and supportive information for the 2023-2024 budget is a year-long process. Budgets are building/department based and allocations are determined by student population, building square footage, programs and historic need. Building principals and department administrators requested additional funding for materials and personnel during the annual Education Plan process. The "Ed Plan" process includes the principal or administrator outlining concerns, discussing district repercussions and making specific recommendations related to their area(s) of responsibility. In addition, the Staff Communicators Assembly, made up of representatives from each school and department, annually provides salary and benefit recommendations to the Board of Trustees. A three member Board Budget Committee was formed in 2018 and works closely with administration in preparing the annual budgets for Campbell County School District.

In the 2023-2024 budget, the individual schools will be rewarded for conservative spending. A portion of their unexpended budget allocations for 2022-2023 will be allowed to be budgeted as "roll-over" or contingency in the 2023-2024 budget. The total of this "roll-over" contingency from 2022-2023 to 2023-2024 equaled \$851,575, down from a total of \$864,803 in the previous year.

Data used to prepare the 2023-2024 budget were a combination of information collected from the best possible sources along with historical information which formed the basis for necessary projections. Data were provided by the following agencies: Campbell County School District #1 Instructional Support Division; State Department of Education; Legislative Services Office; State Department of Revenue; Campbell County Commissioners; Campbell County Assessor; and Campbell County Treasurer.

# STUDENT ENROLLMENT

Campbell County School District (CCSD) is the third largest district in Wyoming. The district serves approximately 9.5% of Wyoming's K-12 students.

For the past three school terms Campbell County School District has experienced a relative stable level of student enrollment. CCSD is expecting an enrollment of over 8,500 students K-12 in the upcoming school year, similar to the FY23 enrollment figure. Looking to the future, the most accurate predictive factor impacting student enrollment continues to be the health of the local energy industry.

- Campbell County's economy can experience vulnerability due to the volatile nature of the coal, oil, and gas markets. With the surge in energy prices, particularly for petroleum, the need for employees in the mining industry (including oil & gas extraction) continues to increase.
- Wyoming's unemployment rate continues to remain very low at 3.3%. Campbell County's unemployment rate (2.6%) is currently well below the state average which has created some staffing issues for the District.
- Recently the housing market has been tight. The first quarter of 2022 was the largest transaction volume year in Gillette real estate history with 224 homes

sold. However, the market has softened due to low inventory and increased interest rates. The average list price for a house in Campbell County is \$333,312 which is up from \$309,058 from one year ago. The housing market has been identified as a limiting factor for families moving to Campbell County.

# **REVENUE REVIEW**

#### **Assessed Valuation**

Campbell County's 2023 assessed valuation was released by the County Assessor on June 15, 2023 as being \$5,706,025,264. This represents an increase of \$1,166,755,075 or 25.70% from the 2022 assessed valuation of \$4,539,270,189 and is a result of increased mineral production.

#### Mill Levy

A special school district tax of one-half (.5) mill was approved by the Campbell County School Board at their regular meeting on April 25, 2023, and will be used for the purpose of maintaining programs offered by the Board of Cooperative Higher Education Services (B.O.C.H.E.S.) as expressed in W.S. 21-20-109. The approximate \$2,853,000 generated by this mill levy will not be part of Campbell County School District's budget, but will be presented in the annual audit as a discretely presented component unit. This one-half (.5) mill has been in effect since the 1989-90 budget year.

On May 22, 2001 the Campbell County School District Board of Trustees formed the Campbell County Community Public Recreation District as allowed under Wyoming Statute 18-9-202. On April 25, 2023 the Board agreed to continue to levy one mill as allowed under this Statute. This mill will generate approximately \$5,706,000. These funds are used for public recreation programs and to maintain and equip land, buildings, and other recreational facilities. This mill levy is not a part of the Campbell County School District's budget, but is presented in the annual audit as a blended component unit.

School Reform Legislation replaced the special school district tax of one (1) mill for the purpose of repair and maintenance with an allocation by square footage in the district. These funds are placed in a separate special revenue fund. Revenue from major maintenance during 2022-2023 totaled \$6,674,549, up \$381,798 or 6.07% from the \$6,292,751 received in 2021-2022. Revenue for the 2023-2024 fiscal year is projected to increase by \$785,451 or 11.77% to \$7,460,000. In 2018-2019 the payment structure for these funds was modified from a single payment made in July to two payments, the first payment totaling 75% of the amount due paid in July of each year, with the remaining 25% being paid to the District in October annually. Beginning in 2020-2021 the payment method changed yet again to quarterly payments made to school districts.

#### General Fund 01 Revenue Projections

For ease of reading, and to comply with the Municipal Fiscal Procedures Act, the 2023-2024 General Fund Revenue Projections are presented in nine columns of figures. Columns 1-6 report the budgeted and actual figures for 2020-2021, 2021-2022, and 2022-2023 respectively. Column 7 reports the 2023-2024 budget. Columns 8 and 9 report the amount and percent of

increase/decrease respectively from the previous year's budget.

#### Revenues

The total general fund revenue budget increased by \$6,802,103 in 2023-2024 compared to 2022-2023. The increase is primarily due to the increase in assessed value and a permanent external cost adjustment applied to the funding formula.

Wyoming school funding is the Foundation Program Guarantee less local resources and results in either an Entitlement payment from the State to the District or Recapture from the District to the State. Campbell County's assessed value has been one of the highest in the State since this funding method was implemented in the early 1980's. However, in 2021 the assessed value decreased from \$4,242,015,313 in 2020 to \$3,392,572,551 in 2021 and made Campbell County School District an Entitlement district for the first time in 2021-2022. In 2022 the increase in mineral production increased the assessed value to \$4,539,270,189, the highest it had been since 2017, putting Campbell County firmly back in the recapture category. Assessed value has increased again in 2023 to \$5,706,025,264, up \$1,166,755,075 or 25.70%.

Legislation in 2011 resulted in a change to Wyoming Statute 21-13-313 which allows advance payments (loans) to school districts that receive 20% or less of their Foundation Guarantee from State revenue. Advance payments can't exceed 20% of the district's Foundation Guarantee. The District intends to apply for an advance for fiscal year 2023-2024.

#### Local Revenues

Local revenues are projected to increase from a budgeted amount of \$121,505,755 in 2022-2023 to \$154,605,632 in 2023-2024, an increase of \$33,099,877 or 27.24%, and is primarily a result of the increase in assessed valuation.

#### **County Revenues**

County revenues are projected to increase from a budgeted amount of \$29,895,621 in 2022-2023 to \$36,883,152 in 2023-2024, which is an increase of \$6,987,531 or 23.37%, and is a result of the increase in assessed valuation.

#### State Revenues

State revenues for Taylor Grazing fees were not distributed in 2022-2023. It is projected that two payments will be received in 2023-2024, for a total of approximately \$70,000. In 2023-2024 the district has budgeted \$500,000 for possible audit adjustment to the Wyoming Department of Education. Legislation in 2018 increased the contributions to the Wyoming Retirement System for both the employee and the employer by 0.25% each for four years, bringing the total retirement contribution to 18.62% by July, 2021. The Wyoming Department of Education reimbursed the district \$1,643,213 for Wyoming Retirement contributions in 2022-2023 or 2.25% of eligible payments. The reimbursement for 2023-2024 is projected to be approximately \$1,800,000.

An excess in 25 and 6 mill levies collected in 2022-2023 will be included in the 2024 recapture payments to the Wyoming Department of Education.

Legislation enacted in February, 2023 removed special education reimbursement from the funding model and reduced the foundation guarantee by the same amount. In FY2023 Wyoming Department of Education reimbursed recapture districts for the prior year's special education expenses with a one-time payment in May, 2023. Beginning in FY2024 special education reimbursement will flow similarly to disbursements to entitlement district with fifteen percent being paid in August, ten percent each in September through April, with the remaining balance paid in May. Campbell County School District received \$22,400,330 in state special education reimbursement in FY2023 and expects to receive a similar amount in FY2024.

#### Federal Revenues

Campbell County School District received \$70,510 in Impact Aid funds in 2022-2023. It is anticipated that the district will continue to qualify for approximately \$70,000 in 2023-2024. All other Federal funds received are special revenue funds and are accounted for under special budgets which are a separate part of this document.

#### **Other Sources**

The 2023-2024 Campbell County School District revenue budget includes \$5,000 for potential compensation for losses due to damages of district property.

The district has four lease/purchase agreements for school buses, which are repaid with a small down payment when the lease is signed and four annual payments thereafter. The oldest agreement will be paid off in June, 2024, and the most recent lease/purchase will be paid off in June, 2027. Capital lease revenues of \$900,000 are budgeted in 2023-2024.

Campbell County School District continues to invest available funds prudently and ensure that all available interest on district funds is collected.

#### Non-Revenue

The 2022-2023 fiscal year was not as volatile as the previous year, but uncertainty remains surrounding financial concerns. To meet this challenge, the district implemented a system of painstaking reductions and meticulous budgeting. Enrollment has stabilized but Legislative support remains uncertain. The assessed valuation has increased taking a bit of pressure off the general fund. The 2022-2023 general fund budget will require budget support through district reserves in the amount of \$2,941,124, an increase of \$2,758,219 or 6.63%.

# **EXPENDITURE REVIEW**

New positions in the general fund for 2023-2024 includes one elementary and one secondary Dual Language Immersion teacher, an elementary guidance counselor, an ACT Prep teacher, five secondary teachers, a special programs data clerk and one custodian. The Board of Trustees approved an increase to the certified base of \$1,500, an increase of 3.03 percent to the ESP salary schedule, and a step for all employees who are not topped out on their salary schedule. A one-time 2% stipend to topped out employees on the bachelor's plus 45, master's plus 45, and doctorate columns, as wells as ESP employees on the final step of their salary

schedule was also approved. Health insurance premiums will increase 7.3% and the workers compensation rate will increase from 1.62% to 1.75% for the 2023-2024 fiscal year.

Of further note, the Board also approved appeals requests and a partial wage study for instructional assistants, custodians and nutrition staff which impacted approximately 510 employees. Further wage reviews will likely take place during FY2024.

District leadership combined with the budget committee continues to monitor efficiencies and prudent spending.

#### Cash Reserve

As a result of Wyoming School Finance Reform Legislation school districts are limited in the amount of allowable Board reserves. Prior to the spring of 2022 reserves were limited to fifteen percent of the district's previous year foundation guarantee. Legislation in 2022 increased the limit to thirty percent of the prior year's foundation guarantee. Without further Legislation the additional 15% will sunset in FY2026. The additional 15% must be tracked separately from the original 15% and cannot be spent on capital construction.

Legislation enacted in February, 2023 reduced the foundation guarantee by moving special education reimbursement outside of the funding model. This resulted in a decrease in the FY2023 foundation guarantee of \$22,400,000 for Campbell County School District, which further resulted in a decrease in cash cap from approximately \$40.534 million to approximately \$34.645 million.

Reserves in excess of thirty percent would be counted as a local resource and would increase the district's recapture. Campbell County School District is not expected to have Board reserves in excess of thirty percent of the general operating budget in future years.

The Board of Trustees Spending Prioritization Policy fulfills the requirements of GASB Statement 54 defining the priority of use of governmental funds. The policy indicates that the District will use restricted resources first where applicable, then committed funds, then assigned funds, and last, unassigned resources, for all expenditures from governmental funds. The Superintendent has the authority to deviate from this policy if it is in the best interest of the District.

#### Transfers

The District will transfer approximately \$26,500 from the General Fund to Fund 20 Grant Special Revenue to pay benefits on national teacher certification salaries.

A transfer to the Nutrition Services of \$1.017 million is budgeted in the 2023-2024 fiscal year. Due to the COVID Pandemic meal reimbursement to the nutrition program had been at the higher Summer Food Service Program rate during the summer of 2020 where all students meals were served at no charge through the 2021-2022 school year. Districts returned to the standard USDA Food & Nutrition Services programs for the 2022-2023 school year. In FY2023 the district saw an influx of free and reduced meal applications as a result.

#### Summary

Administration will continue to work with the Wyoming Legislators, Wyoming Department of Education, and the Wyoming Department of Audit regarding the School Funding Model and related issues.
