### Project Information

Project Description:

Please include  
equipment usage and counties where  
the equipment is operated. \*

Replace 4 diesel buses with 2 alternate fuel and 2 low emission diesel buses

Estimated Start Date \*

MM DD YYYY

10 / 03 / 2022

Estimated End Date (Projects must be completed by September 2023)

MM DD YYYY

06 / 30 / 2023

Project Category being Applied For. (Check all that apply) \*

- Category one (1): Certified engine rebuild or replacement
- Category two (2): Vehicle or equipment replacement
- Category three (3): Retrofits-emission control technology
- Category four (4): Idle reduction technology

*Do you intend to replace your buses with alternative fuel configurations? \**

- Yes
- No

---

*If you answered yes with alternative fuel configurations, what type?*

- Propane
- CNG

---

Fleet background

**How many and what types of diesel powered**

**vehicles or equipment do you have?** Please describe your full diesel inventory, not just the projects you are applying for in the grant. (Example: *I own and operate 15 garbage trucks*).

\*

170 school buses, 35 gasoline, 22 propane, 113 diesel

Does your agency currently have an idle reduction policy?

\*

Yes

No

If yes, please describe.

After 5 minutes of idle, engine shuts down.

Approximately  
what percentage of your diesel  
vehicles and/or equipment are model year 2010 or newer?

\*

95%

Approximately  
what percentage of your diesel  
vehicles and/or equipment are model year 2009 or older?

\*

5%

---

For Verified Engine Rebuild/Upgrade projects *only* please answer the following questions *only*:

Can manufacturers provide engine upgrade kit/systems?

- Yes
- No
- N/A

If so, what tier level/emission benefits will be realized?

---

---
