Campbell County School District,

To whom it may concern,

I am the Program Coordinator for the Nita M. Lowey 21CCLC grant program, serving eight Title One schools, at 5 Campbell County School locations. We serve, on average, 300 students throughout the calendar year. I was informed the school may have iPads they are taking off their inventory lists and may be able to donate to community programs.

Our Program utilizes technology to achieve STEM based learning and our students enjoy a learning environment that includes the use of iPads for research, activity participation and learning re-enforcement. Faced with real-world problem challenges, students collaborate, brainstorm, as well as transforming the iPad in to many other tools needed for activities and creativity.

I was asked to identify the number of iPads we would find useful. If possible, we could utilize 82 iPads. We would be thrilled with any amount you could donate.

Thank you for your time and consideration.

Kathleen "Kitti" Gutierrez  
Learn and Grow Program Coordinator
