Re: Twin Spruce Junior High School – Football Field Survey

Dear Mr. Mathes:

Thank you for considering KLJ to provide survey services for the Twin Spruce Junior High School Football Field project. Below is a description of our scope and maximum fee not to exceed to perform the work based on our recent discussions.

- Establish local on-site control
- Topographic survey of existing field area inside track
- Provide horizontal and vertical control
- Generate CAD file for future design processes
- Exhibit with existing conditions for future project scoping

KLJ hourly rate includes mileage, supplies and printing costs. This contract would be time and materials not to exceed a maximum of the total fee of **\$3,000**.

We sincerely appreciate your consideration and look forward for the opportunity to begin this project. We have the resources ready and available to meet the needs and deadlines of your project. If you have any questions, feel free to contact me at 307.682.9500.

Sincerely,

KLJ
